

Dinosaur Hunter (I Can Read Book 4)

Wyoming: the 1880s. Bone hunters comb the land, looking for dinosaur fossils. Ned Chapman works on his fathers ranch and dreams of finding a dinosaur skeleton himself. When a violent storm washes out some old bones in the fields, Ned finds himself thrust right into the world of the bone hunters -- men so competitive that they will do anything to bring back the best specimen, even cheat each other! Elaine Marie Alphin and Don Bolognese bring this fascinating slice of American history to life.
