

## Project (Un)Popular Book #1

Perfect for summer reading is this first book in a fun new series about two middle school bffs as they experience the highs and lows of friendship, boys, sixth grade politics, sister drama, and popularity. Middle school isn't a popularity contest. It's a war. Perry and her best friend, Venice, are excited to be yearbook photographers and tell the story of their school through their art. But that's before they find out the truth: the spontaneous moments they're supposed to capture are all faked. Yearbooks should include everybody even the dorks. But Perry feels totally stuck. Until she starts taking flattering shots of popular people, none of her candid photos will ever be chosen. Fighting back isn't going to win her any friends she might even lose some. It's time to decide what's more important: fitting in . . . or standing out. From the Hardcover edition.
