

Ethan Green and the GAS Kids

Blue Bay would be such a cool place to hang out if the lake didn't stink. Literally. It smells something like rotten eggs left out in the hot sun too long or old, dirty socks after they've been worn for so many days in a row that the stink starts to make holes in the heel. The lake is so polluted that no one can go near it, let alone swim in it. The sad state of the lake inspires fourth graders Ethan and Alexia to form a club called the GAS Kids. The club's mission is to help the environment by recycling and making sure everyone else does the same. The GAS Kids quickly find themselves with their first case when Ethan's recycling bin goes missing! Join Ethan, Alexia, and Rowan, Ethan's baby brother, as they search for clues, have a few laughs (and a few frights), and track down the Recycling Bin Bandit in *Ethan Green and the GAS Kids: The Case of the Missing Recycling Bin*. Dawn Craft lives in Green Bay, Wisconsin, with her husband and their three sons. She is passionate about the environment and wants every child to know the power they have to better the future.
