

Loved (Book #2 in the Vampire Journals)

A book to rival TWILIGHT and VAMPIRE DIARIES, and one that will have you wanting to keep reading until the very last page! If you are into adventure, love and vampires this book is the one for you! --Vampirebooksite.com

(Turned)LOVED is Book #2 in the #1 Bestselling series THE VAMPIRE JOURNALS, which begins with Book #1, TURNED! In LOVED (Book #2 in the Vampire Journals), Caitlin and Caleb embark together on their quest to find the one object that can stop the imminent vampire and human war: the lost sword. An object of vampire lore, there is grave doubt over whether it even exists. If there is any hope of finding it, they must first trace Caitlins ancestry. Is she really the One? Their search begins with finding Caitlins father. Who was he? Why did he abandon her? As the search broadens, they are shocked by what they discover about who she really is. But they are not the only ones searching for the legendary sword. The Blacktide Coven wants it, too, and they are close on Caitlin and Calebs trail. Worse, Caitlins little brother, Sam, remains obsessed with finding his Dad. But Sam soon finds himself in way over his head, smack in the middle of a vampire war. Will he jeopardize their search? Caitlin and Calebs journey takes them on a whirlwind of historic locations?from the Hudson Valley, to Salem, to the heart of historic Boston?the very spot where witches were once hung on the hill of Boston Common. Why are these locations so important to the vampire race? And what do they have to do with Caitlins ancestry, and with who shes becoming? But they may not even make it. Caitlin and Calebs love for each other is blossoming. And their forbidden romance may just destroy everything theyve set out to achieve. LOVED, the second book in the Vampire Journals series, is just as great as the first book, TURNED, and jam packed with action, romance, adventure, and

suspense. If you loved the first book, get your hands on this one and fall in love all over again. --Vampirebooksite.com THE VAMPIRE JOURNALS series has had a great plot, and LOVED especially was the kind of book you will have trouble putting down at night. The ending was a cliffhanger that was so spectacular that you will immediately want to buy the next book, just to see what happens. As you can see, this book was a huge step up in the series and receives a solid A. --The Dallas Examiner
