

Young peoples natural history; a popular story of animals, birds, reptiles, fishes, and insects, describing their structure, habits, instincts and ... Henry Schieren and other noted authorities

This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1900 Excerpt: ...or in the fork between two branches. The young Squirrels are very carefully attended to by both parents, and the family remains united until the following spring, when tile young go out to find partners, and settle themselves in the world. A Squirrels Intelligence.--The following is from a hunters note-book, written in the woods of Canada.-- I was waiting the approach of a flock of wild fowl, but a little villain of a Squirrel on the bough of a tree close to me, seemed determined that even now I should not rest in quiet, for he sputtered and chattered with so much vehemence, that he attracted the attention of my dog, whom I could scarcely control. The vagrant inattention of my dog was truly mortifying; he kept his eyes fixed upon the Squirrel, now so noisy as to be quite intolerable. With my hand, I made a motion to threaten him, but the little beast actually set up his back, and defied me, becoming even more passionate and noisy than before, till all of a sudden, as if absolutely on purpose to alarm the game, he let himself drop down to the ground plump within a couple of yards of Rovers nose. This was too much for any four-footed animal to bear, so he gave a bounce and sprang at the im pertinent Squirrel, who, in one second, was safe out of his reach, cocking his tail, and showing his teeth on the identical bough where he had sat before. Away flew all the wild fowl, and my sport was completely marred. My gun went involuntarily to my shoulder to shoot the Squirrel. At the same moment, I felt I was about to commit an act of sheer revenge, on a little courageous animal which deserved a better fate. As if aware of my hesitation, he nodded his head with rage, and stamped his fore paws on the
