

# The Magicians Twitch (The Twith Logue Chronicles: Adventures With the Little People)

A little boy from Cornwall aspired to become the ruler of the world. He read all the books on magic he could find in the castle library, and grew up to be a mean, nasty wizard. As a result, he developed The Magicians Twitch. This spoils his plans to rule the world. He thinks the cure can be found in the Twith Book of Lore and sets about to get his hands on it. He made himself their size-half a thumb high-and invaded their lands of Wozzle and Gyminge. Seven of the Little People escaped to the Beyond taking their precious Book of Lore with them. For over a thousand years they lived in peace until the wicked wizard discovered where they were. Now these tiny folk find themselves in constant conflict with the wizard as he attempts to steal their Book of Lore. His multiple attempts have never been successful, but now he has a brilliant new plan to obtain it once and for all. In The Magicians Twitch, the Twith face a dreadful dilemma. Should they exchange the book that contains the accumulated wisdom of their ancient seers for something the wizard says they might possibly value even more? A life may hang in the balance. Thank you for ensuring Kens fantastic stories live on.-Mark S. Fantasy brought to Life! I was instantly captivated with the characters. With every page I turned, I wanted to know more. I delayed going to sleep because I wasnt ready to put this book down! Five Star rating. Meagan H.
