

Princess Of The Golden Moon

When the princess of the golden moon falls out of the sky, she worries that she will never find her way back home. Gilda hears her crying in the forest and soon, the two girls become friends. As the princess has never seen water before, the girls have a lovely adventure discovering its nature. The princess hopes that if she follows the shimmering stream which threads through the forest, it will lead her home. Will she find her way back home to her mother-the-moon?
